

TRIBUTE TO PROF PADDY HARTLEY

From Pets As Therapy

Dear Professor Hartley

Thank you for the privilege of working with you and your patients in your Oncology Unit. Thank you too, for opening doors which enabled us to visit other wards in the hospital. We love our work with the children and feel honoured that you gave us the opportunity.

We are very sad that you will be going on retirement but whenever we visit your lovely, state of the art, Oncology Unit we will think of you. The Unit will always stand as a tribute to a wonderful, warm, forward thinking lady who cares so much about others. We know that your patients and their families, and your staff, are going to miss you as much as we will.

May you have a long, happy and healthy retirement and a well deserved rest.

Love

Benji, Mishka and Poppet

(assisted by Stan Hobbs and Maureen Rawlins, on behalf of Pets As Therapy)
